

WHAT TO BRING

In general, everyone should have suitable clothing for warm weather and cool evenings. Bring tennis shoes and several pairs of socks. We recommend that you *do not wear flip-flops* around camp because we have seen far too many injuries and bee stings over the years! Sturdy sandals are appropriate for canoeing and while walking from place to place, but tennis shoes and socks must be worn whenever physical exertion is involved in a game or an activity.

Here's a general list of what you'll need for camp:

- Sleeping Bag & Pillow. Twin bed linens are also fine, maybe even preferable for Family Group adults and campers!
- Towels and Washcloth
- Beach Towel (for the pool!)
- Water Bottle
- Soap
- Toothbrush and Toothpaste
- Pen, Pencil, and Paper
- Bible
- Flashlight
- Bug Spray
- Sunscreen
- Walking shoes and socks to prevent blisters
- Bathing suit (Church camp appropriate)
- White t-shirt for tie-dyeing

SPECIAL INSTRUCTIONS FOR VENTURE CAMPERS:

- Bring a "book bag" style shoulder pack for carrying things around camp.

SPECIAL INSTRUCTIONS FOR ADVENTURE TRIP CAMPERS:

Pack your clothing and gear for the week in soft "duffle bag" style luggage and bring rough clothing! Make sure you have a long sleeved shirt, a pair of sturdy shoes, tennis shoes, and several pairs of good socks. Bluestone does have basic equipment and gear to lend out, but bring a waterproof container for your gear.

FAMILY GROUP CAMPERS:

Bring along Personal Folding Chairs! Especially given Covid-19, it might be nice to for you to have your own personal chairs to take from place to place, set up outside around your cabin, or have down at the pool 😊
